Luxor, Egypt | reemsadek2000@gmail.com | <https://reem-alpha.vercel.app>

Passionate Front-end Developer with hands-on experience in building responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and React. Skilled in creating clean UI designs with a focus on usability and performance. Always eager to learn and grow in the field of web development.

### SKILLS

HTML5, CSS3, JavaScript (ES6) Tailwind CSS, Bootstrap	React.js Git & GitHub	Figma (UI/UX Design, Prototyping, Wireframing)
--	--------------------------	---

### COURSES & CERTIFICATIONS

Web Design Course – NTI Institute	Nov 2024
Figma UI/UX Crash Course – Udemy	May 2025)
UX Design Fundamentals – Mahara-Tech	(Sep 2025

### PROJECTS

#### Personal Portfolio Website

- Built and deployed a personal portfolio using HTML, CSS, and JavaScript, hosted on Vercel. The website showcases skills, projects, and a contact form.

#### ShinePro – Car Care Landing Page

- Developed a responsive landing page for a car care products brand using HTML and Tailwind CSS. Focused on a clean design, product presentation, and clear call-to-action buttons to increase conversions.

#### Shorter Links App

- Developed a web application using JavaScript and an API to shorten long URLs into simple, shareable links. Implemented responsive design and a clean user interface.
